

FAMU BOT APPROVED June 4, 2020

## EDUCATIONAL PLANT SURVEY OVERVIEW

In Florida, all public school districts, colleges and state universities are required to conduct an Educational Plant Survey (EPS) at least once every five years using "uniform data sources and criteria" (Section 1013.31, Florida Statutes). An EPS is a systematic and comprehensive study of each institution's sites, buildings, and the site improvements required to operate the facilities. This includes a review of both the 1) existing educational and ancillary facilities and 2) anticipated future needs for repair, expansion, and/or demolition. The EPS is a safeguard mechanism to ensure that PECO dollars, and the assets constructed with PECO dollars, are being directed appropriately towards needed educational buildings.

The EPS is undertaken collaboratively by the EPS Survey Team, which consists of staff of the university being surveyed; Board of Governors' staff; and staff from other universities. The final EPS Report must be approved by both the local Board of Trustees as well as the Board of Governors. The EPS is one of three long range planning documents – the EPS, the Campus Master Plan, and the Five Year Capital Improvement Plan.

## **Required EPS Elements**

- Summary of approval by the Board of Trustees and Board of Governors
- Recommendations for existing facilities
- Recommendation for new facilities
- Projected capital outlay full-time equivalent student enrollment
- Inventory of existing sites and facilities

The procedures to be used in conducting each EPS are specified by the Chancellor's Office.

Note: Historical data (for Fall 2014 and 2015) has been revised to no longer include pre-PharmD undergraduate students in the graduate counts. Notes: This table reports the number of students enrolled at the university by student type categories. Student types are primarily based on student classification level. The student type for undergraduates is based on the Type of Student at Time of Most Recent Admission and their degree highest held. The student type for graduates is based on the doctoral classification. Does not include 'Unclassified' students who are not formally admitted into a degree program but are enrolled (e.g., dual enrolled high school students).

Note: Full-time Equivalent (FTE) student is a measure of all instructional activity (regardless of fundability) that is based on the number of credit hours for all students. FTE is based on the standard national definition, which divides undergraduate credit hours by 30 and graduate credit hours by 24. Pursuant to section 1013.31, Florida Statutes, Board facilities staff use this data as a key factor in the calculation of facility space needs for university educational plant surveys.

Note\*: FAMU staff have notified Board staff of an error with the 2017-18 actual data. FAMU staff is in the process of resubmitting this data to fix the issue and have provided the 2017-18 revised data as a summary of what the corrected data will be. The revised data is considered preliminary until Board staff have accepted the resubmitted data.

Note: Full-time Equivalent (FTE) student is a measure of instructional activity (regardless of fundability) that is based on the number of credit hours that degree-seeking students enroll. FTE is based on the standard national definition, which divides undergraduate credit hours by 30 and graduate credit hours by 24. Distance Learning is a course in which at least 80 percent of the direct instruction of the course is delivered using some form of technology when the student and instructor are separated by time or space, or both (per 1009.24(17), F.S.). Classroom/Traditional, is a course in which less than 50% of the direct instruction of the course is delivered using some form of technology when the student and instructor are separated by time or space, or both (per 1009.24(17), F.S.). Classroom/Traditional, is a course in which less than 50% of the direct instruction of the course is delivered using some form of technology when the student and instructor are separated by time, space or both. This designation can include activities that do not occur in a classroom (ie, labs, internships, practica, clinicals, labs, etc) – see SUDS data element #2052. "Percentages may not total 100 due to rounding.

# MEMORANDUM

TO:	Dr. Larry Robinson, President Florida Agricultural and Mechanical University
FROM:	Chris Kinsley, Assistant Vice Chancellor
SUBJECT:	Requirements for the Florida Agricultural and Mechanical University Educational Plant Survey

This is to advise you that in accordance with s. 1013.31(1), Florida Statutes, an Educational Plant Survey is required to be conducted at Florida Agricultural and Mechanical University for the upcoming fiscal year, 2019 – 2020. This section requires each survey to be conducted by the Board of Trustees or an agency employed by the Board of Trustees. If you request our assistance for the upcoming survey, expenses incurred for travel and accommodations by the survey team will be paid by the Board of Governors.

The purpose of the Educational Plant Survey is to recommend capital projects that may be proposed by our Board for the next five (5) years based on an evaluation of comprehensive facility needs. Attached is an "Overview of the Educational Plant Survey Process" for use by the university. The Overview describes suggested roles of university staff and other team members, and is the recommended approach to achieving survey validation, customized to meet the unique situation of each university.

The Survey consists of two components: Validation and Needs Assessment. The university has the option of conducting the entire survey at once, or in two parts. We will work with your space coordinators, Brittany Farrior and Takeidra Nelson to determine what option will be most effective.

Florida Agricultural and Mechanical University | Florida Atlantic University | Florida Gulf Coast University | Florida International University Florida Polytechnic University | Florida State University | New College of Florida | University of Central Florida University of Florida | University of North Florida | University of South Florida | University of West Florida President Larry Robinson July 11, 2019 Page 2 of 2

Please contact Ken Ogletree in the Board of Governors office so that he may coordinate the scheduling necessary for Florida Agricultural and Mechanical University to complete the survey process within the fiscal year. Mr. Ogletree can be reached at (850) 245-9254 or via email at <u>Kenneth.Ogletree@flbog.edu</u>.

## Re: Requirements for the Florida Agricultural and Mechanical University Educational Plant Survey

Dear Mr. Kinsley:

In response to your memorandum dated July 11, 2019, this letter is to inform you that as advised and in accordance with s. 1013.31(1). Florida Statutes, Florida A&M University is requesting assistance from the Florida Board of Governors with the upcoming Educational Plant Survey. The assistance requested consist of the Validation and Needs Assessment. Florida A&M University is requesting to conduct the entire survey at once during the week of November 4, 2019.

Should you have any related concerns or questions, please contact Mr. Craig Talton, Director of Facilities Planning and Construction, at (850)599-3197.

Sincerely alisson OL Larry Robinson President

Condition Codes

1

Satisfactory - Building component is suitable for continued use with normal maintenance

- 2 Renewal A Needs minimal capital renewal The approximate cost is not greater than 25% of the estimate replacement value of the component
- 3 **Renewal B** Needs more than minimal capital renewal The approximate cost is greater than 25% but less than 50% of the estimated replacement cost of the component

4 Renewal C - Requires major capital renewal The approximate cost is greater than 50% of the replacement cost of the component

Condition Codes

1

Satisfactory - Building component is suitable for continued use with normal maintenance

- 2 Renewal A Needs minimal capital renewal The approximate cost is not greater than 25% of the estimate replacement value of the component
- **Renewal B** Needs more than minimal capital renewal The approximate cost is greater than 25% but less than 50% of the estimated replacement cost of the component

4 Renewal C - Requires major capital renewal The approximate cost is greater than 50% of the replacement cost of the component

Condition Codes

1

Satisfactory - Building component is suitable for continued use with normal maintenance

- 2 Renewal A Needs minimal capital renewal The approximate cost is not greater than 25% of the estimate replacement value of the component
- 3 **Renewal B** Needs more than minimal capital renewal The approximate cost is greater than 25% but less than 50% of the estimated replacement cost of the component

4 Renewal C - Requires major capital renewal The approximate cost is greater than 50% of the replacement cost of the component

## **Educational Plant Survey**

## **Needs Assessment**

#### **EPS Survey Year**

Eps survey year 2019-2020 University FAMU

#### **Report Description**

This report includes the sum of the room areas rolled up at the University level for the Five Year Educational Plant Survey report. It includes all sites with room spaces that meet the following criteria:

· Users have been funded using Education General fund category.

Space\_needs\_exclude flag is N

The space use code is in the following category groups: 01 - CLASSROOM, 02 - TEACHING LAB, 03 - STUDY, 04 - RESEARCH LAB, 05 - OFFICE, 06 - AUDITORIUM, 07 - INSTRUCTIONAL\_MEDIA, 09 - CAMPUS\_SUPPORT\_SERVICE, 12 - GYMNASIUM

#### Needs Assessment (Existing Facilities condition)

Space type	Classroom	Study	Teaching Lab	Office	Research Lab	Auditorium	Instructional Media	Gymnasium	Campus Support Service	Total NASF
Space needs by Space type	84348	142425	105435	237375	197813	21087	31650	42174	44706	907012

# **Space Factors**

#### Description

The 2018 Space Factors given here correspond to the 30 Credit hour FTE standard. Hence, the Traditional and Online FTEs taken from the Workplans' FTE should also correspond to 30 Credit hour FTE standard.

EPS Survey Year	Space Factors	30 hr FTEs from the Workplan
Eps survey year : 2019-2020	Classroom : 9	Traditional FTEs: 9077.5
University : FAMU	Teaching lab: 11.25	<b>Online FTEs</b> : 1472.5
	Study : 13.5	
	Research Lab: 18.75

#### **Report Description**

The Space the University should have based on 2018 Space Factors and Traditional and Online FTEs. The FTEs should orrespond to 30 Credit hour FTE standard.

## Space needs by Space type

<u>Rept</u> <u>inst</u> ↑≞	<u>Eps</u> survey year	<u>Traditional</u> <u>fte</u>	<u>Online</u> <u>fte</u>	<u>Classroom</u>	<u>Study</u>	<u>Teaching</u> Lab	Office	Research Lab	<u>Auditorium</u>	Instructional Media	<u>Gymnasium</u>	Campus Support Service	<u>Total</u> NASF
FAMU	2019-2020	9077.5	1472.5	84,348	142,425	105,435	237,375	197,813	21,087	31,650	42,174	44,706	907,012

## **Educational Plant Survey**

## **Satisfactory Space**

This report includes the sum of the room areas rolled up at the Building level for the Five Year Educational Plant Survey Report. It includes all buildings in the Main Campus with room spaces that meet the following criteria:

Users have been funded using Education General fund category during the selected term.
Space\_needs\_exclude flag is N

- The space use code is in the following category groups: 01 CLASSROOM, 02 TEACHING LAB, 03 STUDY, 04 RESEARCH\_LAB, 05 OFFICE, 06 AUDITORIUM, 07 INSTRUCTIONAL\_MEDIA, 09 CAMPUS\_SUPPORT\_SERVICE, 12 GYMNASIUM

**Survey Team Members:** Gloria Jacomino\* - Team Leader (FIU), Christy Miranda (UCF), Amanda Myers\* (UF), Itza Frisco\* (NCF), Angela McTigue\* (NCF), Kenneth Ogletree (BOG), Kristine Azzato (BOG), and Felcy Gabriel (BOG). (\* Indicates members attending via videoconference)

## **General Recommendations:**

- 1.1 All projects authorized pursuant to section 1011.45(3)(b), Florida Statutes, are survey recommended, including completion of a renovation, repair, or maintenance project that is consistent with the provisions of section 1013.64(1), Florida Statutes, up to \$5 million per project and replacement of a minor facility that does not exceed 10,000 gross square feet in size and up to \$2 million.
- 1.2 Projects authorized pursuant to section 1011.45(3)(c), Florida Statutes are survey recommended, including a remodeling or infrastructure project, up to \$10 million per project.

## Site Improvements Recommendations:

2.1 Land Acquisition – This recommendation allows the university to continue purchasing properties surrounding the campus as identified in the adopted Campus Master Plan.

# **Remodeling Recommendations:**

**Definition:** 1013.01(17) Florida Statutes, the changing of existing facilities by rearrangement of spaces and their use and includes, but is not limited to, the conversion of two classrooms to a science laboratory or the conversion of a closed plan arrangement to an open plan configuration.

3.1 Chemical and Biological Research Laboratory Center (075B) – Office – 7,892 NASF

# **Renovation Recommendations:**

**Definition:** 1013.01(18) Florida Statutes, the rejuvenating or upgrading of existing facilities by installation or replacement of materials and equipment and includes, but is not limited to, interior or exterior reconditioning of facilities and spaces; air conditioning, heating, or ventilating equipment; fire alarm systems; emergency lighting; electrical systems; and complete roofing or roof replacement, including replacement of membrane or structure.

4.1 Chemical and Biological Research Laboratory Center (075B) – Research Lab – 20,671 NASF, and Study – 865 NASF

- 4.2 School of Business and Industry South (0006) Renovation of existing building to include: Classroom – 7,330 NASF, Office – 15,055 NASF, Auditorium – 468 NASF, and Instructional Media – 967 NASF.
- 4.3 Perry-Paige (561 & 562) Renovation of existing building to include: Classroom 760 NASF, Study 1,358 NASF, Auditorium 4,286 NASF, and Office 6,139 NASF.

# New Construction Recommendations:

New construction recommendations are in accordance with the presented net square footage and as described in the Form B. The following projects are recommended:

5.1 No projects were presented.

# **Projects Based on Exception Procedure:**

The survey team is recommending the following project based on the exception procedure. This project consists of ineligible space; therefore, the Form B space needs formula does not apply.

6.1 Howard Hall (0058) - The survey team recommends replacing this facility under the Educational Plant Survey Exception Procedure. The existing building includes: Classroom – 1294 NASF, Study – 398 NASF, Auditorium – 4,286 NASF, and Office – 3,076 NASF.

# Demolition:

The following demolition projects are survey recommended:

- 7.1 Swimming Pool and Locker House (0020)
- 7.2 Howard Hall (0058)
- 7.3 Transitional Offices (Old DRS) (0061)
- 7.4 Transitional Classrooms (Old DRS) (0063)
- 7.5 Transitional Labs (Old DRS) (0064)
- 7.6 Transitional Classrooms (Old DRS) (0065)
- 7.7 Gym (Old DRS) (0072)
- 7.8 Dyson Pharmacy (0074)
- 7.9 Benjamin Banneker A (0111)
- 7.10 Benjamin Banneker B (0112)
- 7.11 Benjamin Banneker C (0113)
- 7.12 Benjamin Banneker D (0114)

# Campus-wide Utility Infrastructure

- 8.1 The following projects are survey recommended, as part of the overall Campus-wide Utility Infrastructure project:
  - A. Central Heating Plant Replacement Boiler Phase I

- B. Central Cooling Plant Chiller #5 Addition
- C. Central Chilled Water Plant Aquifer Return Well
- D. North Chilled Water Loop Extension
- E. East Chilled Water Loop Extension
- F. Chilled Water Research Isolation and East Loop Extension
- G. Central Cooling Plant Additional Chiller #6
- H. Central Heating Plant Replacement Boiler Phase II
- I. South Campus Chiller Plant
- J. Obsolete Controls Systems Replacement

# Standard University-Wide Recommendations:

- SR1. All recommendations for new facilities to include spaces necessary for custodial services and sanitation facilities.
- SR2. All projects for safety corrections are recommended.
- SR3. All projects for corrections or modifications necessary to comply with the Americans with Disabilities Act are recommended.
- SR4. Any project required to repair or replace a building's components is recommended provided that the total cost of the project does not exceed 25% of the replacement cost of the building.

## Notes:

- A. University shall submit the final Space Needs Calculation Report to the Survey Team for validation prior to the President transmitting these recommendations to the Chancellor of the State University System for continuation of the Educational Plant Survey process.
- B. University is to write recommendation text in accordance with current Educational Plant Survey format criteria.
- C. All projects recommended for approval are to be incorporated into the Master Plan Update(s).
- D. Supplemental surveys can be conducted at a later date should project scope change in the future.
